

The Wing Walk Challenge will take place on

Thursday 11th July at Bodmin Airfield, Cardinham, Bodmin, Cornwall, PL30 4BU

Participants must weigh no more than 77kg/12st 2lbs.

How much does it cost?

Booking is through Rowcroft Hospice. There is a registration fee of **£100** to pay at the time of booking. You are then asked to raise a minimum of **£1000** in sponsorship for Rowcroft Hospice. Those who fail to raise the minimum sponsorship amount will not be permitted to participate in the challenge.

The registration fee is non-refundable and places are non-transferable. At least 50% of the total cost will be donated to Rowcroft Hospice, with the remaining money covering the cost of the experience.

Notes for Wing Walkers

No persons under the age of 16 are permitted to carry out wing walking.

Participants have to be reasonably fit; they need to be:

- Capable of climbing up on to the top wing to be strapped into the wing walking harness. They need enough strength in their legs and mobility to climb, and at one point kneel, to reach the rig/seat which is positioned on the upper wing.
- Able to withstand wind pressures of over 100 mph while flying

The following medical conditions that can cause problems, as well as the conditions listed overleaf, are **previous fractures, back strain, arthritis and severe joint sprains, chronic bronchitis, chronic asthma.**

Blindness is no barrier to wing walking.

The organisers reserve the right to cancel a flight on the day should the pilot judge that the criteria of fitness to fly has not been met by the wing walking participant or that weather conditions are not suitable for flying.

On The Day

Bodmin is an ideal location for Wing-Walking, with magnificent scenery, and a club offering a warm welcome for you and your friends. The Diner 3 1 Cafe is available all day for light refreshments or full meals.

You will receive comprehensive instructions and be shown all the safety features relating to your flight and you will be covered by Third Party insurance to a total of £4 million.

After a briefing on instructions for your wing walk and risks associated with this experience, you will go for a flight that we think you and your spectators will thoroughly enjoy; this flight will consist of low level fly-pasts and steep climbs. The chief pilot, Mike Dentith, has over 5000 flying hours and has performed at over 2000 air displays over a period of 25 years and is amongst the most experienced wing walking pilots in the world.

After the successful completion of your wing walking experience you will receive a Certificate which will be signed by the pilot and with memories to take home that will last a lifetime.
